Commissioner of Patents

The reply filed on 1/18/00 is not fully responsive to the prior Office action because of the following omission(s) or matter(s): Sequence, ACACTATCAACTTAATTCTGATCA, of original claim 16 still has no SEQ ID NO, because it was improperly amended in Amdt. B, filed 7/2/98, because bracketing or underlining should have been used to indicate amendments or changes in the claims as provided in 37 CFR 1.121(a)(2)(ii). In other words, even though this may constitute a "poor quality" error in photocopying the specification, a proper amendment of the claims is still required to obviate this requirement to comply with the SEQUENCE RULES, as previously made of record. Again, an amendment of the claims back to specific sets of paired primers would further obviate any subsequent restriction requirement, as it relates to an election of species from the nearly infinite random combination of primers now recited in claim 16.

Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment.

EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
